Washington, DC 20555

Dear Sir:

Subject: Oyster Creek Nuclear Generating Station (OCNGS)
Operating License No. DPR-16
Docket No. 50-219
Service Water System Operational Performance Inspection
(SWSOPI) Self-Assessment

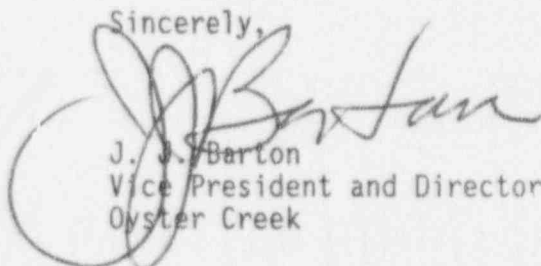

GPU Nuclear proposes to perform a self-assessment of the OCNGS Service Water System in accordance with the guidance provided in NRC Administrative Letter 94-03, "Announcing an NRC Inspection Procedure on Licensee Self-Assessment Programs for NRC Area-of-Emphasis Inspections." This self-assessment is being proposed as an alternative to the full-scope NRC inspection described in NRC Temporary Instruction 2515/118, Revision 1, "Service Water System Operational Performance Inspection."

Currently, the timing of this self-assessment effort is scheduled to start in the fourth quarter of 1995, and last approximately six (6) weeks.

GPU Nuclear will provide a formal proposal and is planning to make a presentation to Region 1 in the third quarter of 1995.

Should you have any questions prior to the receipt of our proposal, please contact David Distel, Licensing Engineer at (201) 316-7955.

Sincerely,

J. J. Barton
Vice President and Director
Oyster Creek
