

U.S. NUCLEAR REGULATORY COMMISSION
WASHINGTON, D.C. 20545

MAR 04 1983

Pete

MEMORANDUM FOR: Carl E. Alderson, Director, Program Support Staff
FROM: James N. Vorse, Director, OI:RII
SUBJECT: ALLEGED IMPROPRIETIES INVOLVING DEFICIENCY DISCREPANCY REPORTS
(DDRs) AND CORRESPONDING LOGBOOK ENTRIES
FACILITY: Harris Nuclear Plant
DATE ALLEGATION
RECEIVED: March 2, 1983
INQUIRY NO.: O2-83-011
CASE NO.: None

Information was provided to the OI staff which is set forth in the enclosure. The preliminary information provided, although incomplete, indicates there may be OI interest in this matter, but additional information must be obtained before a final decision can be made. The additional information and documentation needed is being provided by the Resident Inspector and will be evaluated upon receipt to determine whether there is an OI interest. This pending Federal Inquiry is provided to you for information purposes.
