MEMORANDUM

Recent filings by Intervenors have been received by the Board with only one copy for all three members. This is not in accordance with procedures which require that each party and Board member must be individually served. Some service lists have even indicated that all Board members had been served when in fact only one copy was furnished to the Board. Two recent filings had not been received by Judges Linenberger and Paris. Failure to serve all three Board members causes confusion and delay; and the Board requires that all parties comply with the proper filing procedures.
