(Emergency Planning Proceeding)

March 12, 1984

ORDER SCHEDULING CONTENTIONS FOR HEARING

On March 9, 1984 the parties submitted a joint proposal for arranging the remainder of Group I and all of Group II-A issues into a sequence for hearing, and for breaking that sequence up into "clusters," each comprised of one or more contentions. The parties proposed that cross-examination plans for Group II issues be submitted on a "rolling" basis with plans for the first two clusters due on March 16, 1984, and plans for each remaining cluster due three days prior to start of trial on the cluster's first issue. The parties further proposed to submit a suggested order for hearing on Group II-B issues within approximately one week of the March 21, 1984, submission date for testimony on those issues. The Board hereby approves the schedule as suggested by the parties.
