(Clinch River Breeder Reactor Plant) - )  
 )

CONFIRMATION OF NOTIFICATION  
CONCERNING LEGISLATIVE STATUS

The undersigned provided the following information to the Licensing Board by telephone on October 28, 1983.

1. On October 26, 1983, the Senate tabled an Amendment to H.R. 3959, the Fiscal Year 1984 Supplemental Appropriations Bill, which would have provided funding and private financing necessary for project construction to completion.

2. The project has not been terminated. The project agreements and authorizing legislation (Section 106 of Pub. L. No. 91-273, as amended) remain effective.

3. The project has undertaken planning actions to conserve resources, and to assure an orderly process if termination should occur. In the meantime, the Applicants intend to seek completion of the CP proceeding.

-2-

As further significant information becomes available,  
additional notification will be provided by Mr. William D.  
Luck, Attorney for the United States Department of Energy.

Respectfully submitted,

A handwritten signature in dark ink, appearing to read "George L. Edgar", is written over the printed name.

George L. Edgar  
Attorney for  
Project Management Corporation
