Dear Sirs:

## ENDOCRINOLOGY

Leroy L. Schroeder, M.D.

In response to your note dated August 11, 1983, I have contacted Jerry Dare from Ohio State University, our physicist. Jerry is meeting with us September 15th to review our safety program here in the office. Jerry, at that time, then will address the problems with your review. We will forward to you, hopefully by the end of September, a resolution to the problems you have observed.
