

Federal Emergency Management Agency

Washington, D.C. 20472

JUL 22 1991

Mr. Frank J. Congel, Director
Division of Radiation Protection
and Emergency Preparedness
Office of Nuclear Reactor Regulation
U.S. Nuclear Regulatory Commission
Washington, D.C. 20555

Dear Mr. Congel:

Enclosed is a copy of the final drill report for the May 6, 1991, Benton and Franklin Counties Emergency Operations Center (EOC) Off-Hours/Unannounced drill. Benton and Franklin Counties, Washington, participated in the drill. The drill report was prepared by the Region X staff of the Federal Emergency Management Agency (FEMA).

The purpose of the drill was to evaluate the capability of the Benton and Franklin Counties EOC staff to activate the EOC during non-work hours between 6:00 p.m. and 4:00 a.m. Benton and Franklin Counties demonstrated this capability by alerting the key EOC staff who reported to the EOC in a timely manner.

No Deficiencies or Areas Requiring Corrective Action were identified during the drill. The FEMA Region X staff will provide a copy of the report to the State of Washington.

If you should have any questions, please contact Mr. Craig S. Wingo, Chief, Radiological Preparedness Division, at (202) 646-3026.

Sincerely,

Dennis H. Wiatkowski
Assistant Associate Director
Office of Technological Hazards
