Mr. George Smith
Radiation Specialist
U. S. Atomic Energy Commission
P. O. Box 15266
Denver, Colorado

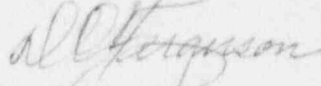

Dear Mr. Smith:

I am enclosing a dust sample as per your request. This is the first opportunity we have had to get a good sample in a strong wind.

This sample was taken with a Hi-volume sampler at 20 cu. ft. per minute for a one hour period with the wind from a south-westerly direction at approximately 45 m.p.h.

I trust this will meet with your approval.

Respectively yours,

D. C. Ferguson
Health & Safety Director
