MEMORANDUM FOR: Jesse L. Funches, Deputy Controller  
Office of the Controller

FROM: Anthony T. Gody, Acting Director  
Program Management, Policy Development  
and Analysis Staff  
Office of Nuclear Reactor Regulation

SUBJECT: FY 1993 BUDGET -- 100 PERCENT FEE RECOVERY

This is in response to your memorandum of January 15, same subject, as a written follow-up to your previous telephone conversation with Carlos Velez, a member of my staff.

NRR costs for FY 1993 should be allocated in the same manner as for FY 1992, that is, distributed equally to all operating reactors. For standard technical specifications, the level of work to be performed by NRC is essentially the same for all vendors.

Please direct any questions you or your staff may have in reference to this memorandum to Carlos on 504-1209.
