

UNITED STATES
NUCLEAR REGULATORY COMMISSION
WASHINGTON, D. C. 20555

March 9, 1983

MEMORANDUM FOR: File *[Signature]*

FROM: Mark E. Resner, Investigator *Mark E. Resner*
Office of Inspector and Auditor

SUBJECT: REFERRAL OF ASSOCIATED PIPING AND ENGINEERING
CORPORATION/ITT GRINNELL INDUSTRIAL PIPING, INC. -
FALSIFICATION OF RADIOGRAPHS TO DOJ

In connection with the attached LHM received from the FBI regarding these two cases, I contacted Special Agent *[redacted]* of the FBI, Knoxville, Tennessee on March 8, 1983, to ascertain what, if any, action was being taken by the FBI. *[redacted]* advised me that he and S/A *[redacted]* are assigned to this case and the status of the case is pending (meaning still active). I advised him of the related field investigations conducted by NRC's Region IV office and he said that he was not aware of those documents. I advised him that I would discuss providing those documents to him with my superiors and recontact him.
