To: Members, Low-Level Waste Working Group

Subject: Waste Form Test Data and Reports

File: LLW-83-60

Further to my letter (see LLW-83-58) reporting the agreement with the NRC to continue to accept present waste forms, we agreed to reassess the continued acceptability of current waste forms with Leo Higginbotham about mid-February.

To support our position of the acceptability of current waste forms, we urgently request that you send copies of all test data and reports on your programs in this area to our consultant:

Dr. Harry Lawroski
2375 Belmont Avenue
Idaho Falls, Idaho 83401

With a mid-February target date, this data should be in Lawroski's hands no later than February 1st.
