Re: Docket 30-17191  
License 17-19236-01

Gentlemen:

As per your letter dated April 29, 1983, we submit the following: Violation 1, 2 and 3 to be answered together. Film Badge reports will be reviewed and signed by both the Assistant Radiation Safety Officer and the Radiation Safety Officer. Now the film badge reports are in duplicate, one for the Oklahoma area and one for the West Monroe Office. When monthly readings exceed 400 mr the individual is notified in writing by the Radiation Safety Officer and required to answer if prior month readings are high or if this months readings are excessive. The Radiation Safety Officer or Assistant Radiation Safety Officer for the area involved is required to submit an investigation in writing to why if readings are excessive. This report along with the individual report will be reviewed by the Radiation Safety Officer for disposition.

Also dosimeter reports are initialed weekly by the Radiation Safety Officer or Assistant Radiation Safety Officer before the man is paid.

Quarterly safety meetings are being held on a more recurring basis.

We feel these corrective steps above will avoid violations as listed in # 1, 2 and 3. Compliance to violations achieved as of this date.
