Gentlemen:

This is in response to your letter dated October 21, 1983 (your reference #696-5047), in which you asked for our opinion as to whether your existing MC&A organization structure provides an adequate separation of functions as intended by the requirement of 10 CFR 70.58(b)(2).

Based on the commitments in your Fundamental Nuclear Material Control Plan and your Category I Physical Protection Plan, and also based on our understanding of certain details that are not covered in the referred to Plans, we regard your organizational structure as satisfying the intent of 10 CFR 70.58(b)(2).

The enclosure to this letter contains specific comments relative to the four potential conflicts identified in your letter.

We have determined that the enclosure to this letter contains information of the type specified in 10 CFR 2.790(d). Accordingly, pursuant to Section 2.790(d)(1), such information is deemed to be commercial or financial within the meaning of 10 CFR 9.5(a)(4), and shall be withheld from public disclosure, unless subject to the provisions of 10 CFR 9.12.

Sincerely,
