SUBJECT: SETTLEMENT AGREEMENTS

I talked to Kim Walden (Nebraska Public Power District) (402-563-8503) and he indicated that NPPD's review covered all agreements (including settlement agreements). NPPD was contacted because their response to NRC's April 27, 1989 letter did not appear to cover settlements agreements. I find their response covered the areas requested by the April 27, 1989 letter and therefore, no further questions or work is needed for this utility.

*Ted - Kim Walden (402-563-8503) says  
Cooper is non-union and that they  
have no labor agreements or  
settlement agreements. He believes  
this should answer your question.  
... otherwise he is willing to  
talk to us if there are more  
concerns.*
