Gentlemen:

Attached is a voucher in the amount of \$1,200 for amendment fees associated with those activities requested of the Nuclear Regulatory Commission in the referenced correspondence. Pursuant to 10CFR170, the fee determination is based on the fact that the requested change to the Fort St. Vrain Technical Specifications is primarily administrative in nature. The change does not involve any safety issues that have not previously been analyzed for the existing LCO 4.9.2.

If you have any questions, please contact me at (303) 785-2224.

Very truly yours,

Don Warembourg by Milt McBride
