Gentlemen:

SUBJECT: REPORT NO. 70-1151/84-01

Thank you for your response of April 6, 1984, to our Notice of Violation issued on March 7, 1984, concerning activities conducted under NRC License No. SNM-1107. We have evaluated your response as augmented in a telephone conversation with Mr. C. Sanders. Based on that conversation, it is our understanding the material balance for the period ending October 1983 will be checked for a similar problem. If that understanding is not correct, please contact us to resolve any differences. This meets the requirements of 10 CFR 2.201. We will examine the implementation of your corrective actions during future inspections.

We appreciate your cooperation in this matter.

Sincerely,
