David Lowe, Director  
Division of Compliance  
U. S. Atomic Energy Commission  
Washington, D. C.

Dear Mr. Lowe:

On September 20, 1971, a telephone conversation was conducted with you relative to the availability of Investigator John Ward's investigative report on the Humboldt County's (Pacific Gas & Electric Company) Nuclear Power Plant, compiled during the summer months 1971.

It is my recollection, at the conclusion of our conversation, that you understood the request and would inquire of your superiors and attorneys the feasibility of making Ward's investigative report available to the Humboldt County Grand Jury.

To date this Office has received no confirmation nor advice relative to the production of Ward's investigative report. May I have the favor of your reply and thoughts.

Very truly yours,

*William F. Ferroggiaro, Jr.*
