Re: Docket No. 50-250 - Turkey Point Unit No. 3

Dear Dr. Morris:

As discussed in your letter of December 4, 1970, received this week, we herewith submit fifty (50) copies of a report concerning the Turkey Point Unit No. 3 containment dome.

Concrete placement is scheduled for on or about February 10, 1971, and completion of post-tensioning will be about two months thereafter. As soon as practicable after completion of this final construction step, the proof test will be conducted and test results reported to you.

Very truly yours,

*George Kinsman*
