

2.0 LICENSING REQUIREMENT SOURCES

New or revised licensing requirements and potential future licensing requirements have been identified from the following four sources:

- o Post-TMI Requirements and Recommendations
- o Unresolved Safety Issues
- o Generic Safety Issues
- o Regulations and Regulatory Guidance

Each of these four sources is discussed in detail in the following sections of this report. For summary and ease of review, Section 7.0 of this report has been included to provide an applicability matrix of structures, systems, components, etc. with the licensing requirements discussed throughout Sections 3.0, 4.0, 5.0, and 6.0.
