

Docket No. 50-220

MAY 13 1970

Mr. Edward J. Bauser  
Executive Director  
Joint Committee on Atomic Energy  
Congress of the United States

Dear Mr. Bauser:

A copy of the report filed with the Commission by the Niagara Mohawk Corporation on "Reactor Primary System Investigation at Nine Mile Point Nuclear Station" dated May 1, 1970, is enclosed for the Committee's information. This report supersedes the preliminary report by General Electric dated March 27, 1970, forwarded to you by letter dated April 20, 1970.

Operation of the Nine Mile Point Nuclear Reactor will not be resumed until the Commission has evaluated Niagara Mohawk's reports relating to the safe end problem and determined that no significant hazards considerations exist.
