Attention: Mr. James E. Richardson
Director, Division of Engineering Technology

Subject: "Response to NRC Questions on North Anna Unit 1 Steam Generator
Tube Integrity"

Dear Mr. Richardson:

Enclosed are ten copies of NSD-TAP-1131 entitled "Response to NRC Questions on the Steam Generator Operating Cycle Evaluation for North Anna Unit 1" (Proprietary).

The enclosed documents contain information which is proprietary to Westinghouse Electric Corporation. Accordingly, we request that this information be withheld from public disclosure.

We will comply with the requirements of 10CFR2.790 to provide proprietary and non-proprietary versions of the above material together with an affidavit as soon as the proprietary and non-proprietary versions have been prepared. We will submit the total required number of copies of the proprietary and non-proprietary versions of the information and the required affidavit at that time.

In the meantime, we have provided sufficient copies for your information and use. Ms. M. P. Siemien, Esq., of the NRC Office of the General Counsel, has advised Westinghouse that she concurs with this procedure.

We expect to be able to fully comply with the requirements for the proprietary and non-proprietary versions of the information and an accompanying affidavit within four weeks.

Very truly yours,

S. R. Tritch, Manager
Engineering Technology
