SUBJECT: 10 CFR 20, 30, 31, 34, 39, 40, AND 70, NOTIFICATION OF  
INCIDENTS, FINAL RULE

We have reviewed the subject final rule. Although we found no additional information collection requirements, we are placing publication of the rule on hold because of the need to make non-substantive corrections to several sections of 10 CFR Part 40 in the current regulation. Enclosure 1 contains the correction to several paragraphs that reference NRC Form 2 that was replaced by NRC Form 313. Please include these corrections in the final rule. We have also included for your consideration a related paragraph that may be used in the Statement of Considerations. In addition, change the address for OMB in the second paragraph of the Paperwork Reduction Act Statement as indicated in Enclosure 2.

If you have any questions, please contact Beth St. Mary on extension 28540.
