Attached is a series of preliminary responses to Requests for Additional Information (RAI) on WCAP-12945-P, "Westinghouse Code Qualification Document for Best Estimate Loss of Coolant Accident Analysis". These RAI were provided to Westinghouse via References 1 and 2. Westinghouse is working with the NRC and their consultants to finalize these responses. They are being submitted at this time for docketing purposes only.

Once agreement is reached on the final responses, Westinghouse will submit proprietary and non-proprietary versions in accordance with standard procedures. Because the attached information is subject to change, bracketing of the specific information considered to be proprietary will be deferred until the final responses are submitted.

The Westinghouse Electric Corporation copyright notice and proprietary information notice are attached.

This submittal contains Westinghouse proprietary information consisting of trade secrets, commercial information or financial information which we consider privileged or confidential pursuant to 10CFR2.790. Therefore, it is requested that the Westinghouse proprietary information attached hereto be handled on a confidential basis and be withheld from public disclosures.
