

DEC 21 1981

Docket Nos.: 50-329/330

MEMORANDUM FOR: Robert L. Tedesco, Assistant Director
for Licensing
Division of Licensing

FROM: James P. Knight, Assistant Director
for Components and Structures Engineering
Division of Engineering

SUBJECT: MIDLAND NPP - CONSUMER POWER CO.
DRAFT SUBMITTAL ON CRACKING

The applicant previously indicated through your Project Manager (Darl Hood) that they would provide for staff review a general plan for the evaluation of cracks within the Auxiliary Building (including FIVP) Service Water Pump Structure, Diesel Generator Building and foundation for the Borated Water Storage Tanks by December 18, 1981. We have not received this information by the target date. F. Rinaldi of my staff was informed that this information may be received a week late. As discussed during our meeting of December 18, 1981, this memorandum records the delay that may result in a potential schedule slip.
