Subject: R. E. Ginna Steam Generator Tube Rupture Communications
Docket No. 50-244

Dear Mr. DeYoung:

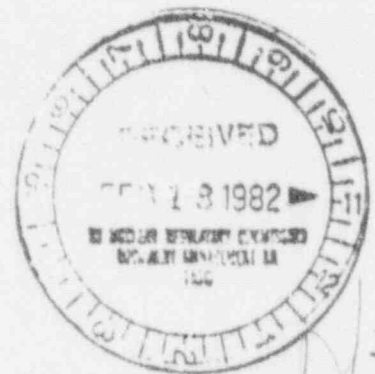

Rochester Gas and Electric personnel have been reviewing all available logs and communications to ensure an accurate evaluation of the events surrounding the steam generator tube rupture that occurred on January 25, 1982.

To ensure a high degree of accuracy, we respectfully request that a transcript of all information provided by or to Ginna Station personnel on the January 25, 1982 incident, be forwarded to Mr. Bruce A. Snow, Ginna Station Superintendent.

We appreciate your cooperation in assisting us in our event evaluation.

Very truly yours,

John E. Maier
