In the Matter of  
THE REGENTS OF THE UNIVERSITY OF CALIFORNIA  
(UCLA Research Reactor)  
Docket No. 50-142 (2.206)  
(Proposed Renewal of Facility License)

Dear Mr. Chilk:

Please find enclosed for consideration by the Commission  
UNIVERSITY'S RESPONSE IN OPPOSITION TO COMMITTEE TO BRIDGE THE GAP'S  
JUNE 22, 1984 EMERGENCY PETITION.

University assumes that the petition filed by the Committee to  
Bridge the Gap (CBG) on June 22nd was intended as a petition submitted  
pursuant to 10 C.F.R. §2.206, although it does not fully comply with the  
requirements of that regulation. University notes that on June 28, 1984  
Executive Director for Operations William Dircks informed the  
Commissioners that the staff understood that CBG intended to file such a  
petition requesting an order requiring UCLA to ship its irradiated fuel  
prior to the Olympic Games.

Very truly yours,

William H. Cormier  
Representing UCLA
