Director of Nuclear Reactor Regulation  
U.S. Nuclear Regulatory Commission  
Washington, D.C. 20555

Attention: Mr. Domenic B. Vassallo, Chief  
Operating Reactors Branch No. 2  
Division of Licensing

Subject: James A. FitzPatrick Nuclear Power Plant  
Docket No. 50-333  
Supplement 1 to NUREG-0737  
Requirements For Emergency Response  
Capability (Generic Letter No. 82-33)

Reference: 1. NRC Generic Letter No. 82-33, D.G. Eisenhut  
to All Licensees, dated December 17, 1980.  
2. PASNY Letter, J.P. Bayne to D.B. Vassallo,  
dated April 15, 1983 (JAF-83-33).

Dear Sir:

Generic Letter No. 82-33 transmitted to the Authority Supplement 1 to NUREG-0737. The requirements and guidance contained in Supplement 1 replaced the corresponding requirements for the five affected NUREG-0737 items. Generic Letter No. 82-33 requested, pursuant to 10 CFR 50.54(f) that the Authority furnish a proposed schedule for completing each of the basic requirements for items identified in Supplement 1. This generic letter also requested a description of our plans for phased implementation and integration of the emergency response activities. The Authority's plan and schedule were transmitted to the Commission by Reference 2. In accordance with the commitments made in Attachment I to Reference 2, the Emergency Operating Procedure Generation Package is enclosed.

Attachment I, Administrative Procedure No. 2.2 (Procedure for Emergency Operating Procedures), contains the Authority's Writers Guide, Verification Program, and Validation Program for our FitzPatrick plant.

Attachment II, J.A. FitzPatrick Technical Guidelines For Emergency Operating Procedures, contains the plant specific guidelines. This document is based on the General Electric BWR Owner's Group Emergency Procedures Guideline, Revision 3, dated December 8, 1982. These plant specific guidelines were prepared in accordance with the procedures in Attachment I.

Attachment III, Emergency Operating Procedure Training Program, summarizes the scope of operator training.

In accordance with the plan described in Attachment II of Reference 2, the symptom oriented Emergency Operating Procedures will be completed by December 31, 1984.

If you require additional information, please contact Mr. J.A. Gray, Jr. of my staff.

Very truly yours,

A handwritten signature in cursive script, appearing to read "Robert A. Bayne", with a small "for" written below it.

J.P. Bayne  
Executive Vice President  
Nuclear Generation
