Official Headquarters Mail Address

The official mailing address of the U.S. Nuclear Regulatory Commission required on all incoming communication is:

**U.S. Nuclear Regulatory Commission
Washington, DC 20555**

This is the only acceptable mailing address and is required on all mail sent via the U.S. Postal Service. Do not use Bethesda or Rockville in the address. Include the specific mail stop and organizational identifier on the face of all communications to NRC.

This information is available by calling the Headquarters Operator on (301) 492-7000.

THE OFFICIAL WASHINGTON, DC 20555 MAILING ADDRESS IS APPLICABLE REGARDLESS OF THE CURRENT LOCATION OF ANY NRC HEADQUARTERS ORGANIZATION.

The current physical address of the U.S. Nuclear Regulatory Commission required on all incoming communications that are hand-carried to White Flint by a private delivery carrier is:

**U.S. Nuclear Regulatory Commission
One White Flint North
11555 Rockville Pike
Rockville, Maryland 20852**

(This address is across from Metrorail's
White Flint stop on the Red Line.)

Provide all correspondents with your specific mail stop and unique organizational identifier so that this information appears on the face of all communications received at White Flint.

Procedures For Dealing With Medical Emergencies In NRC Headquarters Buildings

The purpose of this announcement is to outline the procedures to follow should a medical emergency occur in an NRC Headquarters building during duty hours.

NRC Headquarters has a Health Unit with two branches, one located in OWFN, Room 2-F-11, telephone number 504-2272, and one in the Phillips Building, Room P-130, telephone number 492-7481. A nurse is on duty at OWFN on Monday through Friday from 7:30 a.m. to 4:00 p.m.; and at the Phillips Building on Monday, Wednesday and Friday from 7:30 a.m. to 4:30 p.m., and on Tuesday and Thursday from 7:30 a.m. to 4:00 p.m. Both branches are closed from 12:00 noon to 1:00 p.m. for lunch.

Minor Illness or Injury

One of the services offered by the Health Unit is evaluation and limited treatment of NRC employees with on-the-job illness or injury. If you should require medical attention for a minor illness or injury, go to either the OWFN or the Phillips Building branch of the Health Unit.

Serious Illness or Injury

Headquarters Buildings With a Health Unit

If you are located in OWFN or the Phillips Building and find yourself or someone else in what you consider to be a life-threatening or potentially life-threatening situation:

- Immediately call the OWFN health unit on 504-2272 or the Phillips Building health unit on x27481. The nurse on duty at each of these branches can guide you in obtaining assistance.

Headquarters Buildings Without a Health Unit

The nurses on duty at the OWFN and Phillips Building health units may not leave their assigned locations to go to other buildings to assist employees. Therefore, when an employee in a building without a health unit is experiencing a medical emergency, the following steps should be taken:

1. **Dial 9-911.** Be prepared to give the following information:
 - a. Your name.
 - b. The address of the building you are in. (The addresses of the NRC Headquarters buildings are listed on page iv of this directory).
 - c. The location within the building of the emergency.
 - d. The number of the telephone from which you are calling.
2. Notify the staff of the Health Unit branch nearest to your area: OWFN, 504-2272; Phillips Building, x27481.

In addition, several NRC employees who are certified to administer cardiopulmonary resuscitation (CPR) and who are familiar with certain basic first aid techniques may be summoned in case of emergencies. A list of their names will be posted in the elevator lobby on each floor of all Headquarters buildings in the near future.

If you have questions concerning this matter, call Patricia Kaplan on x24639.

NRC Telephone System Guide

Any moves, additions, deletions or telephone number changes must be reported to Phillips Building, Room 812 on NRC Form 15 (see copy on page 40) as soon as possible. If you do not have a copy of Form 15, please call the NRC Telephone Directory Service at FTS 492-8571 or Commercial (301) 492-8571 to request this form.

This is NUREG document BR-0046, Revision 16, and cancels Revision 15 of November, 1991

GENERAL INFORMATION

NRC Telephone Numbers

All NRC telephone numbers for the Headquarters offices except for the Public Document Room in downtown Washington are Maryland Area Code (301) numbers. Most NRC telephone numbers begin with 492; a few begin with 443. The others are the numbers for the **Emergency Operations Center**. The commercial 7-digit number and the FTS number are the same. When calling from either the Maryland suburbs or Washington, or from FTS, dial the 7-digit 492 or 443 numbers.

Persons who are at Bethesda and Nicholson Lane locations and wish to call another NRC Headquarters telephone dial only the last five digits of the telephone number. This is the part starting with 2 if it is a 492 number or the part starting with 3 if it is a 443 number.

In December 1991 One White Flint North was converted to the Washington Interagency Telecommunications System (WITS). The telephone numbers begin with 504.

Persons not located at One White Flint North must dial 9-504. The FTS exchange for One White Flint is 8-964.

Effective in October, 1990, the C&P Telephone Companies of Maryland, Washington, DC, and Virginia required all interstate local calls in the Washington, DC metro area to be made by dialing the area code and the local number (without dialing "1" first). This means that callers who are in the Virginia suburbs, or who are in Washington, DC, must dial 301 before dialing the 7-digit NRC telephone numbers. If you need to know the area code for a local number (or any number) dial the Headquarters Operator.

In the following example, we will show the procedure for dialing NRC's telephone number 492-7000:

From One White Flint North:	9-492-7000 or "0"
From a Bethesda or Nicholson Lane Office:	2700 or "0"
From a Bethesda telephone:	492-7000
From Washington, DC:	301-492-7000
From Manassas, VA:	1-301-492-7000

Emergency Calls

The **Emergency Operations Center** may be reached at (301) 951-0550. They will accept collect calls regarding emergency reports.

NRC Switchboards

The switchboard located at NRC Headquarters, direct dial number (301) 492-7000, operates 24 hours a day, 365 days a year and provides telephone operator, telex, facsimile, hearing impaired operator assistance, conference, and emergency message service in addition to other services. Each region also has its own switchboard, which operates during regular work hours. After regional switchboards have closed down for the evening or weekend, the **Emergency Operations Center** telephone number is given to callers by means of a tape-recorded message, and in most regions, callers can leave a recorded message. The switchboard in every NRC office can be reached by dialing "0" except from Region II, which can be reached within Region II by dialing 331-4503. Regional switchboard numbers can be found in the "Organizational Phone Numbers" section of this phone book. The switchboard operators located at Headquarters ("Headquarters operator") can assist you in placing conference calls, locating office and employee telephone numbers, and making changes to the NRC Telephone Directory.

FTS-2000 (Formerly FTS)

The Federal Government has a network of leased long-distance telephone lines which it can use for official calls to other government agencies or to any commercial number in the United States. It must be used in lieu of commercial service, except in emergency situations.

This service which operated from the mid-1960s until 1988 was called "FTS." A new system was designed and created for the Federal Government which is called "FTS 2000." For brevity, FTS and FTS-2000 service will be referred to as FTS.

Be aware that FTS is a usage-sensitive service; the government is charged for every minute of every call—the service is **not** provided on an "unlimited" basis.

Use FTS to conduct your official business at all times and use it wisely. Plan ahead to accomplish your

purpose with the least number of calls and more efficient conversations.

When being called from other government agencies, inform any government agency callers that our 492 numbers are the same for both the commercial number dialed via area code 301, and for FTS calls.

NRC Manual Chapter 0270, "Telecommunications," lists conditions for the personal use of Government phones.

Types of FTS Calls

- **On-Net to On-Net.** This call is placed from one Government telephone to another Government telephone by dialing "8" plus a 7-digit number.
- **On-Net to Off-Net.** This call is placed from a government telephone to a commercial number by dialing "8", the area code and the 7-digit number for the 48 states, Alaska, Hawaii, Puerto Rico and the Virgin Islands. Telephones in Canadian and Mexican area codes currently **cannot** be dialed via the FTS service (see "Calls Outside the Continental United States"). **Do not dial "1" after dialing "8."**
- **Off-Net to Off-Net.** FTS calls cannot be completed from one commercial telephone number to another commercial telephone number. These calls must be made from a public telephone.
- **Off-Net to Off-Net.** FTS calls can be made from public telephones by government employees possessing valid FTS access codes who are authorized to do so, by dialing the FTS access number, **1-800-OFF-NET-4**, then dialing the appropriate access and FTS codes. This access number is provided by the joint FTS carriers and not by the government.

(WITS) Washington Interagency Telecommunications System

In December 1991, all telephone numbers within One White Flint North were changed from the existing 492 number to a 504 number. The FTS 2000 NUMBER IS 964.

One White Flint North was the only NRC building placed on WITS at this time. The change to WITS will result in an agencywide change in procedures for dialing to and from One White Flint North, change in dialing between One White Flint North extensions, and changes in procedures for dialing into One White Flint North via FTS 2000.

Below are the new dialing instructions.

FROM	TO	DIAL
OWFN	OWNF	504-XXX
OWFN	BETHESDA	9-492-XXXX
OWFN	OTHER WITS	XXX-XXXX
OWFN	FTS	8-XXX-XXXX
OWFN	NRC OPERATOR "0" or	9-492-7000
BETHESDA	OWFN	9-504-XXXX
OTHER WITS	OWFN	504-XXXX
FTS	OWFN	8-964-XXXX

Repair Service

At Headquarters, notify the Telecommunications Branch or 49-24666, and in the Regional offices, contact the respective Administrative Management Branch.

Installation and Relocation

Staff located at Headquarters should submit requests for installation and relocation of telephone equipment on NRC Form 238, "Request for Telecommunications Services," to the Telecommunications Branch. Regional staff should submit requests to their Administrative Management Branch. Guidelines for determining telephone station equipment needs are provided in NRC Manual Chapter 0270, "Telecommunications." Promptly inform the Telecommunications Branch/Administrative Management Branch about a service or equipment that is no longer needed.

Telephone Device for the Hearing Impaired

A telephone equipped with a TDD to answer calls from the deaf is available at (301) 492-4626. This number is at the Headquarters operator station who is on duty 24 hours every day. Regular and emergency calls by the deaf may be made to this number. Emergency calls will be taken and relayed to the Emergency Operations Center.

Recording or Monitoring Telephone Conversations

Except for calls recorded at the NRC **Emergency Operations Center**, no telephone call will be monitored or recorded by NRC personnel except with the specific knowledge and consent of all parties to the call.

Directory Assistance

To locate an NRC employee not listed, dial "0" or 27000 in Headquarters, elsewhere dial FTS 492-7000.

Telephones at NRC Headquarters and in the regions may be restricted, partially restricted, or

unrestricted. Depending on what restrictions are in effect, you will or will not be able to make calls to:

- Local numbers outside NRC;
- FTS numbers;
- Directory Assistance.

If your phone can call for directory assistance, local numbers may be obtained by dialing commercially via 9, 411; long-distance directory assistance may be obtained via FTS by dialing 8, the area code, and 555 1212. If unavailable via FTS, long-distance directory assistance may also be obtained by dialing commercially via 8, 1, the area code and 555 1212.

If your telephone is restricted, dial "0" for the Headquarters operator (Region II dial 331-4503). The operator will make the call and connect you with the desired number.

Please be thrifty in use of directory assistance, as each call costs from 23 to 75 cents depending on where the directory assistance is requested from. When calling long distance it may be unavoidable, but for local calls it is recommended that you try the Headquarters operator who usually will have local telephone books available.

Commercial Long-Distance Calls

This service is provided by a long-distance carrier. The Government is charged for each call. Use of this service requires certification that the call is necessary in the interest of the Government. Each caller must maintain a log listing each call made.

Under emergency conditions, personal long-distance calls may be placed through the Headquarters operator, provided that appropriate billing instructions are given to the long-distance operator. Dial "0" for the Headquarters operator (in Region II dial 331-4503), and inform the operator you wish to make a personal call. Give the area code and telephone number. The Headquarters operator will dial the number and connect you to the long-distance operator to whom you may then give credit card or billing information.

The NRC uses the AT&T long distance service to place commercial calls. If you wish to use another carrier such as Sprint or MCI, or a credit card only accepted by an alternate carrier, inform the Headquarters operator of this when you give the number. Cards issued by a local telephone company will be honored by all national long distance carriers. Other long distance carriers may honor AT&T cards, and some are only available after dialing an 800 number to connect you to their switch. Refer to your long-distance carrier for any special instructions.

The options you have for making commercial calls are:

- Bill collect (to the number you are calling).
- Bill to your residence or other personal phone.
- Bill the call to a personal telephone credit card.

Collect Calls

Collect calls and charges to NRC Headquarters telephone numbers are prohibited except under emergency circumstances or with the prior authorization of the Chief, Telecommunications Branch. Requests for such authorization should be submitted with full justification by memorandum.

The Headquarters operator will not accept collect calls. Persons calling the NRC for emergency reports may call the **Emergency Operations Center**, (301) 951-0556, which will accept collect calls.

Travel Status Official Calls

While on official travel, to make official long-distance calls, place the call commercially, pay for the call, and include the cost on your travel voucher with appropriate supporting documentation. Persons authorized to do so may use the special access number to have the Headquarters operator place official calls.

Employees on official travel outside the continental United States may use telephone calling cards. Directors of offices or divisions may request calling cards from the Telecommunications Branch.

Calls Outside the Continental United States

Alaska, Hawaii, Puerto Rico and the Virgin Islands may be dialed via the FTS system:

- | | |
|-----------------------------------|------------------|
| 1. Alaska | - 8-907-xxx-xxxx |
| 2. Hawaii | - 8-808-xxx-xxxx |
| 3. Puerto Rico and Virgin Islands | - 8-809-xxx-xxxx |

All calls from Headquarters to any other point outside the U.S. (or for any refused calls from restricted telephones) must be made by dialing the Headquarters operator who will place restricted and all overseas calls.

Telex/TWX/Cablegram/Mailgram/Facsimile Service

Unclassified messages, such as Telex, TWX*, cablegram, and mailgram*, can be sent or received by the Headquarters operator located in Room P-812 in the Phillips Building. To send a message, complete Standard Form 14, "Telegraphic Message," and send it to Room P-812. Personnel located in buildings other than the Phillips Building can transmit the form by Facsimile to 28110, 27617 or 24994.

The Headquarters operator will telephone recipients of Telex or facsimile messages and hold the message for pickup (or interoffice mail if requested or is not picked up), or will send the message via facsimile if the message is for a different building. To expedite the receipt of overseas messages, the following Telex numbers are available for messages going to NRC:

1. Telex number—908142 NRC-BHD WSH
2. TWX number—710-824-0412 NRC-BHD WSH
3. Either ** 1561687 NRC-UT
4. Alternate —4939006 NRC-WSH
5. DDD Telex ** 301-492-5064 24 Hours

Voice Verify 301-492-7371 24 Hours
FTS 492-7371

* "TWX" is a trademark of Western Union; "Mailgram" is a trademark of the U.S. Postal Service.

** This Telex number is connected to an automatic printer and provides immediate Telex printouts to the Headquarters operator who is on duty 24 hours.

Facsimile services and/or equipment are available throughout Headquarters and the regions. Listed in the "Facsimile Locations" section are the locations and telephone numbers of the equipment. Under the column "Information & Verification," if the word "unattended" appears, the recipient has to pick up the facsimile because there is no one at these locations to verify or notify anyone regarding transmissions.

Voice Message Exchange

Throughout Headquarters some employees are using the Voice Message Exchange "Voice Mailbox" to record their telephone messages. The Telecommunications Branch provides each user of the automated telephone message system with his or her unique access identification number with which to send and receive telephone messages. To obtain the service, submit NRC Form 238, "Request for Telecommunications Services," to the Telecommunications Branch.

If you pick up the telephone to dial a number, and the dial tone "stutters," before giving you a dial tone, this means that voice mail has messages waiting for you. Check your voice mailbox instructions for more information.

In case of any problems with your voice mailbox service, contact the voice mail repair office on 49-28203.

TELEPHONE SYSTEM FEATURES

Call Transfer

Any telephone at NRC can transfer a call to any other telephone without operator assistance.

1. If your telephone has a "FLASH" key, press it momentarily, or else press the hang-up switch for about 1/2 second, until you get a dial tone. The caller will be on "hold."
2. Dial the number to transfer the call to.
3. When the party answers, announce the call.
4. Hang up and the call is transferred automatically.*

Consultation Hold

From any station, you can put a caller on hold while you call another party on the same line for a private consultation.

1. If your telephone has a "FLASH" key, press it momentarily, or else press the hang-up switch for about 1/2 second, until you get a dial tone. The caller will be on "hold."
2. Dial the desired number.
3. Consult with the third person.
4. When the other person hangs up, press the "FLASH" key or switchhook again to restore the original call.*

Add-On Conference Calls

If you have a single line telephone, you may add an additional person to your conversation.

1. If your telephone has a "FLASH" key, press it momentarily, or else press the hang-up switch for about 1/2 second, until you get a dial tone. The caller will be on "hold."
2. Dial the desired number.
3. Inform the called party you are adding them to the conference.
4. Press the "FLASH" key or switch again to add the first party back.*

For larger conferences dial the Headquarters operator and ask for Telephone Conference Service or a Conference Bridge.

*NOTE: If, when using these special features, the dialed extension is busy or does not answer, depress the switchhook twice to return to the original call.

Telephone Conference Service

Conference service (also known as a Conference Bridge) is available to allow from four to seventy-five people participate, including interoffice, local, FTS, long-distance and international participants. **Conference calls should preferably be scheduled 24 hours in advance, otherwise please give the operator as much advance notice as is possible.** All participants must be notified of the time of the conference and the telephone number they should call in on. For other features of the conference bridge, call the Headquarters operator.

Conferences may be ordered by calling the Headquarters operator at (301) 492-7000, giving your name and telephone number, the date and time of the conference and the number of telephones that will be calling into the bridge. The operator will assign you one or more telephone numbers for the conference which you will then give out to the persons who will be part of the conference.

If a conference will occur at the same time on a regular basis, you may request the conference as a permanent conference. Permanent conferences may be ordered over the telephone, however they must be confirmed in writing within 7 days or they will be cancelled. After obtaining a permanent conference assignment, you must send a letter confirming your request to:

U.S. Nuclear Regulatory Commission
Chief Operator, Mail Stop P-812
Washington, DC 20555

Placing Personal Long Distance Calls

Commercially placed calls may be charged to a personal calling card or home number. Employees who

need to make personal long distance calls are permitted to do so from their desk using the following procedures:

AT&T Type Cards:

- (1) Dial 0 for the NRC Operator
- (2) Give the NRC Operator the telephone number (including area code) that you are calling. The NRC Operator will dial the number. You will hear a "BONG" tone. At this tone you should select your billing method.
- (3) If you are billing to a home number or calling collect, press 0.
- (4) If you are billing to a calling card, punch in the card number.

MCI Type Calling Cards:

- (1) Dial 9 + 10222 + 0.
- (2) At the Tone dial Area Code + number you are calling.
- (3) At the second tone dial the credit card number.

GTE Sprint Type Calling Cards:

- (1) Dial 9 + 10333 + 0.
- (2) At the tone dial 0 + area code + number you are calling.
- (3) At the second tone dial the credit card number.

When it is necessary to place an official overseas call the rates are less expensive if the call is dialed directly. To place a direct dialed call,

- A. Dial the International Access Code 011
- B. The country code
- C. The city code *No city code needed
- D. The local number

For example to call London, England

Employee Locator Notification – Form 15

NRC FORM 15 16-901 NRCM 0265 NRCM 0270		U.S. NUCLEAR REGULATORY COMMISSION		DATE	
EMPLOYEE LOCATOR NOTIFICATION				A. TYPE OF NOTIFICATION	
				NEW EMPLOYEE	HOME ADDRESS CHANGE
INSTRUCTIONS: To be completed by an employee entering on duty or when there is a change in any of the following information.				NAME CHANGE	PAYROLL INFO CHANGE
				MAIL STOP CHANGE	HOME PHONE CHANGE
				WORK PHONE CHANGE	
				1. NAME (Last, First, and Middle Initial) (Maiden)	
B. EMPLOYEE INFORMATION	3. ORGANIZATION (Office/Division/Branch)		4. BUILDING AND ROOM NO.	5. MAIL STOP	6. OFFICE TELEPHONE
	7. HOME ADDRESS (Number and Street)				8. HOME TELEPHONE (Include Area Code)
	9. CITY	10. STATE	11. ZIP CODE	12. COUNTY	
	C. PERSON TO BE NOTIFIED IN CASE OF EMERGENCY				
1. NAME		2. RELATION		3. TELEPHONE NUMBER(S) (Include Area Code)	
4. ADDRESS (Number and Street)		5. CITY		6. STATE	7. ZIP CODE
D. PAYROLL INFORMATION <small>(Complete this information ONLY if you want payroll information (e.g., W-2, NRC Form 709, "Earnings and Leave Statement," etc.) sent to an address other than your home address above.)</small>					
1. ADDRESS (Number and Street or Post Office Box)		2. CITY		3. STATE	4. ZIP CODE
COMMENTS				COPY 1 – EMPLOYEE: SEND TO PAYROLL MNBB-11104	

This is a sample copy of the new, revised NRC Form 15. You need to fill one of these out each time there is a change in your information, either home information or at your office. In the event of any change, you will use this form. Form 15 has 4 copies; after you fill it out, you send each one to a specific location that is indicated on each copy:

- (1) Payroll
- (2) Telephone Operations
- (3) Personnel Operations
- (4) Document Control Center

It is your responsibility as an NRC employee to complete Form 15 when entering the agency as well as whenever any change occurs. Note: there is a new section on the right-hand side: **Type of Notification**. Check one or more of the appropriate boxes. Be sure you complete the form **exactly** as you would want it to appear in the NRC Telephone Directory (especially nicknames, hyphenated names, initials and titles). Be sure to press hard, you will be making four copies.

If you are already listed, and submitting a form for correction or changes, complete the form the exact way it appears in the directory. If you are reporting a name change, be sure to state how your name was previously listed.

It is the responsibility of the employee to detach the copies and mail them to the appropriate departments listed on each copy.

 1: 6- and 4-minute operation
 2: 3- and 2-minute operation
 3: Digital sub-minute operation

Secure Telecommunications Services

Secure Telephones

Secure telephones, served by the Federal Secure Telephone Service (FSTS), are located in Headquarters and five regional offices. These telephones permit classified or sensitive unclassified conversations with other agencies having similar equipment. The phones listed are Secure Telephone Units III (STU-III) which have replaced earlier model STU-II's. For further information regarding STU-III or STU-II equipment and its use, contact the Information Security

Branch on 492-0212.

Secure Teletype and Facsimile

NRC's Secure Communications Center is on line with the Department of Defense AUTODIN (Automatic Digital Network) system through a FAST (Fast, Accurate, Simple, Tempest) computer terminal. The Center can transmit and receive classified or sensitive unclassified teletype messages or facsimiles worldwide. For more information or assistance, contact the Information Security Branch on 492-0264.
