Gentlemen,

An act of the 1984 West Virginia legislature, a copy of which is enclosed, has set up a corporation to administer West Virginia University Hospital.

Therefore, we wish to request an amendment to license 47-01163-20, a broad medical license, transferring it to West Virginia Hospitals, Inc. Since severance from the university necessitates many changes, and a certain number of changes take place in the normal course of events, a complete text of the license application is enclosed.

Since the corporation is not, strictly speaking, an agency of state government, an amendment fee of \$40.00 is enclosed under the provisions of 10 CFR 170.31, item 7.B.

The corporation is to begin operating the hospital on 1 July 1984, so your prompt consideration of this application is appreciated.
