

UNITED STATES OF AMERICA
NUCLEAR REGULATORY COMMISSION

Before the Atomic Safety and Licensing Appeal Board

In the Matter of
LONG ISLAND LIGHTING COMPANY
(Shoreham Nuclear Power Station Unit 1)

AFFIDAVIT OF
ROGER B. KONIENSKI
Chairman, Regional
Assistance Committee
Federal Emergency
Management Agency

ROGER B. KONIENSKI, hereby declares:

1. I am the Chairman of the Regional Assistance Committee, Federal Emergency Management Agency (FEMA), Region II, New York. I make this declaration in support of the Agency's Response to Suffolk County's Discovery Request.

2. Regional Assistance Committees were established in each region pursuant to 44 CFR 351.10. They consist of representatives from the Nuclear Regulatory Commission, Environmental Protection Agency, Department of Health & Human Services, Department of Energy, Department of Transportation, U.S. Department of Agriculture, Department of Commerce and other Federal departments as appropriate. It is chaired by the FEMA regional representative.

Pursuant to 44 CFR 351.10 and 351.20 through 351.28 each federal agency member of the RAC supports the RAC and has a specific assignment which includes the review of plans.

3. Pursuant to a request from the NRC, FEMA arranged for a review of the LILO Transition Plan by the Regional Assistance Committee and transmitted the results of the review to the NRC on March 15, 1984.

The representatives from six (6) federal agencies, who are members of Regional Assistance Committee (RAC) and two (2) FEMA's consultant conducted the review of LILCO Transition Plan, Revisions I & III. Their comments represent an evaluation of the plan for its compliance with NUREG-0654. It has been policy of our office to review all RAC comments for internal consistency and compliance with the requirements of NUREG-0654, before they are consolidated into one (1) plan review document (draft). In attempt to achieve an accurate final document, the draft plan review is discussed and deliberated by all members of the Regional Assistance Committee at a meeting. This process was also effectively used for the LILCO Transition Plan for Shoreham.

On January 20, 1984, Regional Assistance Committee met in FEMA offices in New York City and reviewed and deliberated the draft plan review document. The validity of each comment was discussed and necessary changes were made to assure that the final document reflected factual information. This RAC meeting resulted in reaching a consensus on the final plan review comments.

At the January 20, 1984 meeting various point of view were analyzed and conclusions and agreements reached on the final version of each comment by the members of the RAC as it relates to NUREG-0654 planning criteria.

It is my judgement that the initial set of comments provided by RAC members are irrelevant at this point. I am also concern that by releasing the RAC individual comments which are predecisional, my ability to operate the Regional Assistance Committee will be severely weaken. The RAC members, in fact, may be very reluctant to provide me with written material which could be disclosed later at the ASLB hearing or other proceedings. Some of these comments may be sensitive in nature and their disclosure could have a negative impact on our relationship with the states, and local governments and utilities.

The release of the individual RAC comments and their personal notes will unquestionably undermine my ability to effectively operate the Regional Assistance Committee in providing useful guidance and assistance to the State, local governments and utilities as required by Executive Order 12148 of July 20, 1979 and FEMA rule, 44 CFR 350.

I hereby certify that the above is true and correct to the best of my knowledge and belief.

Roger B. Kowleski
Roger B. Kowleski, Chairman
Regional Assistance Committee

SUBSCRIBED AND SWORN to before me this 21 day of May, 1984.

Mark S. Farrell
Notary Public

My commission expires: 3/30/86
