U S Nuclear Regulatory Commission

Dear Mr Ziemann:

MONTICELLO NUCLEAR GENERATING PLANT  
Docket No. 50-263 License No. DPR-22

Time Extension for Response to August 21, 1975 Letter

Your August 21, 1975 letter informed us that you believe design modifications should be implemented at Monticello to reduce the probability of an ATWS event. We were requested to provide, within 45 days, additional information concerning the plant response to an ATWS event, a description of our proposed modification and a schedule for implementation.

We find that we are unable to provide an adequate response within 45 days. We believe we can respond to the short-term items and provide a schedule for longer-term matters by November 10, 1975. We trust that your schedule can accommodate such an extension.

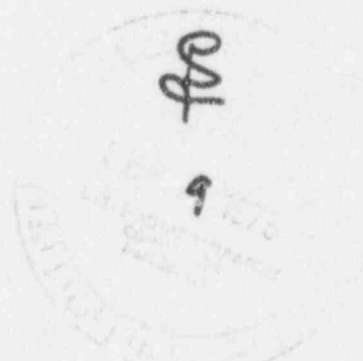

Yours very truly,

L O Mayer, PE  
Manager of Nuclear Support Services
