Dear Dr. Morris:

Transmitted herewith are 72 copies of Amendment 4 to the Northern States Power Company's application for a construction permit for its Monticello Nuclear Generating Plant referred to in Northern States Power Company's letter of January 10, 1967.

This amendment contains answers to questions contained in your letter of December 27, 1966. The amendment also contains revisions to pages of the Monticello Nuclear Generating Plant Facility Description and Safety Analysis Report. These revisions resulted from minor corrections to update and clarify information submitted in Amendment 3 replacement pages to the report.

Very truly yours,
