MEMORANDUM FOR: William Dircks
Executive Director for Operations

FROM: James J. Cummings, Director
Office of Inspector and Auditor

SUBJECT: ZIMMER - ALLEGATION OF HARASSMENT BY NRC
INSPECTORS

Original signed by
James J. Cummings

Reference is made to Jim Keppler's June 18, 1982, memorandum which attached a June 2, 1982, letter from James Harlow to Earl Borgmann, Vice President, Cincinnati Gas and Electric.

On June 30, 1982, I called James Harlow, Executive Secretary for the Greater Cincinnati Building and Construction Trades Council regarding the content of his June 2 letter to Earl Borgmann. Mr. Harlow advised me that the third paragraph of his letter to Borgmann was in error in that he had no information that NRC inspectors were harassing trade employees at the Zimmer site. Harlow stated that he believed the harassment question was a two-way street, i.e., that in some cases QC inspectors were probably harassing trade employees.

In view of the above no further action is being taken by this office.
