Docket No. 50-263

JUL 13 1976

Northern States Power Company
ATTN: Mr. L. O. Mayer, Manager
Nuclear Support Services
414 Nicollet Mall - 8th Floor
Minneapolis, Minnesota 55401

Gentlemen:

License Amendment No. 15 to DPR-22 issued January 22, 1976, in response to your request dated December 16, 1974, contains various errors which you have brought to our attention. License Amendment No. 19, issued May 27, 1976, erroneously omitted specifying a Limiting Safety System setting for main steamline low pressure isolation. The enclosed Amendment No. 22 to Provisional Operating License No. DPR-22 for the Monticello Nuclear Generating Plant corrects those errors and omissions and applies the latest applicable guidance for reporting of environmental matters. These changes have been discussed with and agreed to by your staff.

Copies of the related Safety Evaluation and the Notice of Issuance are also enclosed.

Sincerely,

Original signed by
Dennis L. Ziemann

Dennis L. Ziemann, Chief
Operating Reactors Branch #2
Division of Operating Reactors
