

May 8, 1984

Docket No. 50-333
(10 CFR 2.206)

Ellyn R. Weiss, Esq.
Union of Concerned Scientists
1346 Connecticut Avenue, N. W.
Suite 1101
Washington, D. C. 20036

Dear Ms. Weiss:

This is in response to your letter of September 12, 1983, requesting that the Commission take immediate action to suspend operation of the James A. FitzPatrick Nuclear Power Plant. By letter dated September 23, 1983 you were informed that your letter would be treated as a request for action pursuant to 10 CFR 2.206 of the Commission's regulations. Your request was based on correspondence which questioned the adequacy of pipe supports at the FitzPatrick plant.

For the reasons set forth in the enclosed "Director's Decision under 10 CFR 2.206," DD-84-14, your request is denied. A copy of the decision will be referred to the Secretary for the Commission's review in accordance with 10 CFR 2.206(c).

Sincerely,

Original Signed by
H. R. Denton

Harold R. Denton, Director
Office of Nuclear Reactor Regulation
