[REDACTED]
Dear [REDACTED]

Subject: Concerns You Raised to the Nuclear Regulatory Commission Regarding
Millstone Unit 3

This refers to your discussion with Mr. William Raymond on December 1, 1989, in which you expressed concerns related to discrimination by Northeast Utilities Service Company.

The NRC was established to regulate safety issues in the nuclear industry. Regarding employment discrimination issues, the Department of Labor (DOL) has the authority to order backpay, reinstatement or compensatory damages.

With regards to this matter, Mr. Raymond provided you with copies of the DOL's "Procedures for Handling of Discrimination Complaints Under Federal Employee Protection Statutes", and informed you of the need to file a written complaint within 30 days of the occurrence of the discrimination.

Should you have any additional questions, or if I can be of further assistance in these matters, please call me collect at (215) 337-5120.
