Nuclear Production Department
422 South Church Street
Charlotte, NC 28242

Gentlemen:

SUBJECT: MEETING SUMMARY - DOCKET NO. 50-369/84-15

This refers to the enforcement conference conducted at our request in the Region II Office on May 9, 1984. This conference related to activities authorized by NRC License No. NPF-9 for McGuire Nuclear Station Unit 1. The subjects discussed are detailed in the enclosed inspection report.

Our concerns regarding failure to follow procedures and the implementation of your verification program for performance of operating activities were expressed to you at the conference and your positive response to our concerns is appreciated.

It is our opinion that the conference was beneficial and has provided for a better understanding of the inspection and enforcement issues. In accordance with Section 2.790 of NRC's "Rules of Practice," Part 2, Title 10, Code of Federal Regulations, a copy of this letter and enclosure will be placed in the NRC's Public Document Room.

Should you have any questions regarding this matter, we will be pleased to discuss them.

Sincerely,

James P. O'Reilly
Regional Administrator
