Docket No. 50-483

Union Electric Company
ATTN: Mr. Donald F. Schnell
Senior Vice President - Nuclear
Post Office Box 149 - Mail Code 400
St. Louis, MO 63166

Dear Mr. Schnell:

This confirms our plans as discussed between Mr. G. Randolph of your staff and Mr. B. Bartlett of this office to have a meeting with you and members of your staff at the Visitor Center and EOF on April 22, 1992 at 1:00 p.m. The purpose of the meeting is to present the Initial SALP 10 Report for Callaway.

We encourage you to have appropriate corporate and plant management representation at the meeting to ensure a mutual understanding of the issues and findings being presented by the NRC.

While this meeting is considered a presentation and discussion forum between the Union Electric Company and the NRC, the meeting will be opened to any other interested parties as observers. Those persons outside the licensee and NRC staffs should inform the Regional Office of their intent to participate.

We hope this meeting will benefit your organization and provide you with a meaningful characterization of the overall safety performance for the Callaway plant.

Sincerely,

William L. Stoney
Edward G. Greenman, Director
Division of Reactor Projects
