Dear Mr. Modzelesky:

Millstone Nuclear Power Station, Unit No. 3

Paragraph 6 of the Council's Decision and Order in Docket No. 4, dated March 22, 1976, requires that Northeast Nuclear Energy Company (NNECO) inform the Council of all modifications in its environmental impact monitoring studies at the Millstone Nuclear Power Station (MNPS) and the results therefrom. On behalf of NNECO, Northeast Utilities Service Company (NUSCO) hereby provides in Enclosure 1 details of the ecological studies proposed for 1992 at MNPS. No substantive changes were made to most sampling programs, except for one change proposed for the Exposure Panel program.

If you have any questions after reviewing this addendum to the MNPS Environmental Impact Monitoring Studies, please call Dr. William C. Renfro, NUSCO Environmental Programs, at (203) 665-4620.
