

JUL 25 1991

Docket No. 50-443

Public Service Company of New Hampshire
ATTN: Mr. Ted C. Feigenbaum
President and Chief Executive Officer
New Hampshire Yankee Division
Post Office Box 300
Seabrook, New Hampshire 03874

Dear Mr. Feigenbaum:

Subject: NRC Region I Special Team Inspection 50-443/91-16 (6/28/91 - 7/5/91)

The enclosed inspection report documents initial NRC review of the June 27, 1991 Seabrook trip from 100% power and the associated interruption of off-site power to site busses.

This inspection found that the plant was safely shut down, that the event was classified and reported in accordance with your procedures, and that appropriate short-term action (removing the Out-Of-Step Relay from service) was taken to prevent recurrence.

No reply to this letter is required. Thank you for your cooperation.

Sincerely,

Original Signed By:
James C. Linville

James C. Linville, Chief
Projects Branch No. 3
Division of Reactor Projects

Enclosure: NRC Region I Inspection Report 50-443/91-16
