Dr. Peter A. Morris  
Director of Reactor Licensing  
U. S. Atomic Energy Commission  
Bethesda, Maryland

Dear Dr. Morris:

Forwarded herewith are seventy-five (75) copies of Westinghouse Proprietary report WCAP-7219-L, Rev. 1, "Addendum to Saxton Core III License Application". We request that this report be withheld from public disclosure in accord with the Rules of Practice, 10 CFR 2.79 and the information presented therein be safeguarded in accord with 10 CFR 2.903.

The original unrevised version of this report was submitted to you by Saxton Nuclear Engineering Corporation late last year. As was true then, the issue of this report would seriously affect our competitive position and therefore would be detrimental to our interests.

We believe that withholding this report will not adversely affect the public interest.

Very truly yours,

*Robert A. Wiesemann*  
Robert A. Wiesemann, Manager  
Licensing Engineering
