SUBJECT: DAILY HIGHLIGHT

Issuance of Renewal of the Facility Operating License and Power Increase
 for the National Bureau of Standards Test Reactor

On May 16, 1984, the Office of Nuclear Reactor Regulation issued a 20 year renewal of the Facility Operating License and a power increase from 10 MWt to 20 MWt for the National Bureau of Standards test reactor.

This facility is located on the grounds of the National Bureau of Standards near Gaithersburg, Maryland. It is used for a wide variety of experimental and research programs for government and industry.
