Attached are hearing petitions filed respectively by the Shoreham-Wading River Central School District and Scientists and Engineers for Secure Energy, Inc. The petitions address Staff's consideration of the issuance of an order authorizing the decommissioning of Shoreham (Docket No. 50-322). The notice of consideration was published in the Federal Register at 56 Fed. Reg. 66459 (Dec. 23, 1991).

By Order of the Commission issued on April 3, 1992, a motion filed by the Staff to dismiss the petitions was denied. The Commission directed that the petitions be referred to the Licensing Board for appropriate action. A copy of that Order and the above cited Federal Register notice are also attached.
