MEMORANDUM FOR: Charles E. Norelius, Director, Division of Engineering and
Technical Programs

FROM: Robert F. Warnick, Director, Enforcement and Investigation
Staff

SUBJECT: ALLEGATIONS CONCERNING COMSTOCK WORK AT MIDLAND

Region III received allegations from an individual (who requested he remain anonymous) concerning Comstock's work at Midland. Foster's conclusion is that the allegations either relate to matters beyond NRC jurisdiction or matters which Region III has reviewed, discovered deficiencies, and are monitoring corrective actions. Based on the above, we consider this matter closed; however, knowing that Comstock is currently having problems at Perry, you may want to have your specialist look into the alleged's concerns during his next routine inspection at Midland.
