

MAY 24 1984

Docket No.: STN 50-483

Mr. D. F. Schnell
Vice President - Nuclear
Union Electric Company
P. O. Box 149
St. Louis, Missouri 63166

Dear Mr. Schnell:

Subject: Fire Protection Deferrals

Reference: D. F. Schnell (UE) letter to Harold R. Denton (NRC),
Subject: "Fire Protection System Status," May 7, 1984.

In the referenced letter, Union Electric identified a number of areas related to fire protection at the Callaway Plant that would not be completed prior to fuel load. The staff has reviewed this submittal and has determined that the proposed schedule for completion of the fire protection items and the compensatory measures are acceptable. There will be a condition in the Callaway License to ensure the operability of the deferred fire protection items on the schedule contained in the reference.

If you should require any additional assistance, please contact the Callaway Project Manager, Mr. Joseph J. Holonich.

Sincerely,

B. J. Youngblood, Chief
Licensing Branch No. 1
Division of Licensing
