Subject: Rescheduling April 2020 OL Exam

Ken,

Good evening.

Based on guidance recently provided to the NRC related to the ongoing COVID-19 pandemic, the NRC has determined that all remaining travel for the month of April should be cancelled.

Unfortunately, this means we will have to postpone the April exam. I would like to work with you to reschedule the examination at the earliest practicable time that works for your facility; however, at this time, we do not have an estimate of when these travel restrictions will be relaxed. I would offer that my travel schedule is relatively open and will be able to support your exam at such time.

In order to capture and fully understand the impact this decision has on the operation of the University of New Mexico AGN, please consider responding with insights on the potential operational impact due to delaying the exam (e.g. ability to meet minimum staffing, succession planning, research).

Thank you.

Best regards,

Bill
