**Subject:** UNC Church Rock - responses to NRC comments and follow-up items

Hello Jim,

On behalf of the United Nuclear Corporation (UNC), attached are responses and follow-up items on NRC's Group 2 RAI clarification comments. Revisions to associated appendices to the *Application for Amendment of USNRC Source Material License SUA-1475 for the United Nuclear Corporation Mill Site* are attached. Based on your email below, these files are being provided to you electronically. Since they are not large files I assume you will enter them into ADAMS. Let me know if otherwise.

Please contact Lance Hauer (UNC) with questions on this submittal.

Thank you,  
Melanie

Lance

Can you make sure you send me an electronic copy of the updated version when you submit the revision? We are all working at home now, including the document control center folks, so I am not sure how long it will take the document control center to process anything you send to them. If files are not too huge, I can have them put into ADAMS.

Thanks

Jim

Hi Jim,

We were waiting for Yuan to confirm that he agrees with the follow up actions included on the attachment to my 3/9 email. At this point, we'll assume that we have agreement and will proceed with revising the documents and submitting an updated version.

Thanks,  
Lance

Hi Lance

Are you planning to submit a revised/corrected version of document that Yuan discussed with you?
