Dear Mr. Perry:

This is to acknowledge receipt of your November 5, 1991 letter in response to our special team assessment of the Clinton Power Station ALARA (As Low As Reasonably Achievable) program. We also appreciated your October 15, 1991 visit to Region III to provide us with actions you are taking to address the findings of the assessment.

We will continue to review your ALARA program implementation, including your planned improvements, during future inspections.
