Dear Sir:

The NRC was notified of a potentially reportable deficiency in  
Reference (A), an Interim Report was transmitted by Reference (B), and  
Time Extensions were requested by References (C), (D), and (E). At that  
time, it was estimated that a Final Report would be available by May 25,  
1984.

Due to the extensive investigation and evaluation required, it is now  
expected that this information will be finalized by June 29, 1984, at  
which time a complete report will be submitted.

There is no new information or change to the Interim Report at this time.

Very truly yours,

E. E. Van Brunt, Jr.
