(ASLBP NO. 91-626-02-CivP)

NOTICE OF THE NRC STAFF'S INTENTION NOT TO PURSUE CERTAIN ITEMS
FROM THE NOTICE OF VIOLATION IN THE ABOVE CAPTIONED PROCEEDING

After considering the information provided to the NRC Staff during discovery in this proceeding, the NRC Staff has decided not to pursue items I.C.1.a (mixed grease in the Limitorque gear compartment), I.C.1.e (aluminum limit switch housing), and I.C.2 (Target Rock head vent solenoid valves), set forth in the Notice of Violation to Alabama Power Company dated August 15, 1988, as part of the basis for the Order Imposing a Civil Penalty dated August 21, 1990. The NRC Staff, by this action, is indicating that it will rely on the remaining items to fully support the Order Imposing a Civil Penalty dated August 21, 1990 in the above captioned proceeding.

Respectfully submitted,
